Language	English/Chinese
Venue	Ice Castle
Class Time	Monday 4:00-5:00 PM(practice) Friday 4:00-5:30 PM(weekly playoffs)

Course Overview

Enrollment Criteria	Students who would benefit from learning in a fun, organized team sports environment. Students should possess basic skating skills and own a set of ice hockey equipment. (Purchasing equipment can be arranged along with registration.)
Engage and Assess	Students will first be assessed on ability and split into teams based on age and skill. The older children will be spread out among teams to create a fair environment for competition.
Explore and Develop	In the middle weeks of the course, students will continue to develop their individual skills and learn to work as a team. The older children will be expected to progress quicker and then will be expected to provide leadership for their teams both by vocally and by example. During skill development times, the team will often split into groups by age and skill so the players receive a higher level of individual attention.
Refine and Present	At the end of course, there will be playoffs and an opportunity to compete for a championship. The older players will carry responsibilities such as running warm ups and guiding their teams.
Parent Engagement Opportunity	Parents are always welcome to contact the coaches for feedback and will be invited to join for a league ceremony after the season is over.
Others	Students will need to bring their hockey equipment every session. Parents will need to pick up children directly from Ice Castle at end of sessions.
